It's not safe to go Body Surfing! I've read several Anita Shreve books (Fortune's Rocks, Pilot's Wife, The Last Time They Met) none of which I call stellar but all much better than this one. Sydnor Sklar finds herself once widowed and once divorced in her late twenties.

Anita Shreve always tells a quiet story. I started by reading The Pilots Wife and Fortunes Rocks, and Body Surfing doesn't disappoint. Her stories are real, not flashy or overly dramatic. If you want a story that is intriguing, I would highly recommend this book.

*Body Surfing* by Anita Shreve is a MASTERPIECE in modern literature. It is so subtle and yet very descriptive and I felt myself swept away by the characters and plotline immediately. It is a story of love, family, longing, desire and the choices we make throughout our lives that affect it as a whole.

~~Body Surfing (Fortune's Rocks Quartet, book 4) by Anita Shreve~~

Anita Shreve grew up in Dedham, Massachusetts (just outside Boston), the eldest of three daughters. Early literary influences include having read *Ethan Frome* by Edith Wharton when she was a junior in high school (a short novel she still claims as one of her favorites) and everything Eugene O'Neill ever wrote while she was a senior (to which she attributes a somewhat dark streak in her own work).

At the age of 29, Sydney has already been once divorced and once widowed. Trying to regain her footing once again, she has answered an ad to tutor the teenage daughter of a well-to-do couple as they spend a sultry summer in their oceanfront New Hampshire cottage. But when the Edwards' two grown sons, Ben and Jeff, arrive at the beach house, Sydney finds herself caught up in a destructive web of old tensions and bitter divisions. As the brothers vie for her affections, the fragile existence Sydney has rebuilt for herself is threatened. With the subtle wit, lyrical language, and brilliant insight into the human heart that has led her to be called "an author at one with her métier" (*Miami Herald*), Shreve weaves a novel about marriage, family, and the supreme courage that it takes to love.

This magnificent novel transports readers to the world of a prominent Boston family summering on the New Hampshire coast, and to the social orbit of a spirited young woman who falls into a passionate, illicit affair with an older man, with cataclysmic results. The Fortune Rock's Quartet collects four of Anita Shreve's most beloved novels—*Fortune's Rocks*, *The Pilot's Wife*, *Sea Glass*, and *Body Surfing*—for the first time. The novels highlight Shreve's ability to illuminate women's lives across different eras and share a delightful detail: they are all set in the same coastal New England home, one that has inspired Shreve for over a decade. Any house with age to it can tell a million stories about the families who have lived there, and Shreve has been quoted as saying, "You could base an entire life's work on the people who come in and out of a house." *Fortune's Rocks* depicts a spirited young woman at the turn of the 20th century who falls into a passionate, illicit affair with an older man. In *Sea Glass*, a young couple's new marriage is rocked to the core by the 1929 stock market crash. *The Pilot's Wife* brings us to the present day, where Kathryn is unprepared for the late-night knock that lets her know her husband has been killed in a plane crash. 29, and finds the fragile existence she has rebuilt for herself threatened when two brothers vie for her affections. "There's something addictive about Shreve's tales," according to USA Today, and this quality is on full display in the critically acclaimed novels of The Fortune Rock's Quartet. No one writes more compellingly than Anita Shreve about marriage, family, the depths of our strength and resolve, and the supreme courage that it takes to love.

What makes a family? That's what twelve-year-old Nicky Dillon wonders after she and her widowed father discover a wailing abandoned baby in the snow-filled woods near their New Hampshire home. Through the days that follow, the Dillons and an unexpected visitor who soon turns up at their door—a young woman evidently haunted by her own terrible choices—face a thicket of decisions, each seeming to carry equal possibilities of heartbreak and redemption. Writing with all the emotional resonance that has drawn millions of readers around the world to her fiction, Anita Shreve unfolds in *Light on Snow* a tender and surprising novel about love and its consequences.

With all the narrative power and emotional immediacy that have made her novels acclaimed international bestsellers, Anita Shreve unfolds a richly engaging tale of marriage, money, and troubled times—the story of a pair of young newlyweds who, setting out to build a life together in a derelict beach house on the Atlantic coast, soon discover how threatening the world outside their front door can be.

"A marriage is always two intersecting stories." This realization comes perhaps too late to the husband of Etna Bliss—a man whose obsession with his young wife begins at the moment of their first meeting, as he helps Etna and her companions escape from a fire in a hotel restaurant, and culminates in a marriage doomed by secrets and betrayal. Written with the intelligence and grace that are the hallmarks of Anita Shreve's bestselling novels, this gripping tale of desire, jealousy, and loss is peopled by unforgettable characters as real as the emotions that bring them together.

An Oprah's Book Club selection, this gripping and powerfully wrought novel from the bestselling author of *The Weight of Water* is a stunning meditation on grief, betrayal and 'the ultimate unknowability of those closest to us' (Daily Telegraph) Who can guess what a woman will do when the unthinkable becomes her reality? Being married to a pilot has taught Kathryn Lyons to be ready for emergencies, but nothing has prepared her for the late-night knock on her door and the news of her husband's fatal crash. As Kathryn struggles through her grief, she is forced to confront disturbing rumours about the man she loved and the life that she took for granted. Torn between her impulse to protect her husband's memory and her desire to know the truth, Kathryn sets off to find out if she ever really knew the man who was her husband. In her determination to test the truth of her marriage, she faces shocking revelations about the secrets a man can keep and the actions a woman is willing to take. 'Enthralling' -Anita Brookner, author of the Booker Prize-winning *Hotel du Lac* 'Compellingly told, brilliantly observed, lyrically written and when you get to the last page you simply want to run out and buy everything she's ever written' -Sunday Independent

From the last time Linda and Thomas meet, at a charmless hotel in a distant city, to the moment, thirty-five years earlier, when a chance encounter on a rocky beach binds them fatefully together, this hypnotically compelling novel unfolds a tale of intense passion, drama, and suspense. *The Last Time They Met* is a singularly ambitious and accomplished work by one of today's most widely celebrated novelists.

Margaret and Patrick have been married just a few months when they set off on what they hope will be a great adventure—a year living in Kenya. Margaret quickly realizes there is a great deal she doesn't know about the complex mores of her new home, and about her own husband. A British couple invites the newlyweds to join on a climbing expedition to Mount Kenya, and they eagerly agree. But during their harrowing ascent, a horrific accident occurs. In the aftermath of the tragedy, Margaret struggles to understand what happened on the mountain and how these events have transformed her and her marriage, perhaps forever. *A Change in Altitude* illuminates the inner landscape of a couple, the irrevocable impact of tragedy, and the elusive nature of forgiveness. With stunning language and striking emotional intensity, Anita Shreve transports us to the exotic panoramas of Africa and into the core of our most intimate relationships.

At a New England boarding school, a sex scandal is about to break. Even more shocking than the sexual acts themselves is the fact that they were caught on videotape. A Pandora's box of revelations, the tape triggers a chorus of voices -- those of the men, women, teenagers, and parents involved in the scandal -- that details the ways in which lives can be derailed or destroyed in one foolish moment. Writing with a pace and intensity surpassing even her own greatest work, Anita Shreve delivers in *Testimony* a gripping emotional drama with the impact of a thriller. No one more compellingly explores the dark impulses that sway the lives of seeming innocents, the needs and fears that drive ordinary men and women into intolerable dilemmas, and the ways in which our best intentions can lead to our worst transgressions.
