This is a rare pop song that contains a flute solo. Even more surprising, it's an alto flute, which is larger than a regular flute and plays in a lower register. A jazz player named Bud Shank was brought to the session to play it. Shank, who also played saxophone, had a minor hit with his version of The Beatles "Michelle" in 1966. He died in 2009 at age 82.

For half a century, Michael Jackson’s music has been an indelible part of our cultural consciousness. Landmark albums such as Off the Wall and Thriller shattered records, broke racial barriers, amassed awards, and set a new standard for popular music. While his songs continue to be played in nearly every corner of the world, however, they have rarely been given serious critical attention. The first book dedicated solely to exploring his creative work, Man in the Music guides us through an unparalleled analysis of Jackson’s recordings, album by album, from his trailblazing work with Quincy Jones to his later collaborations with Teddy Riley, Jimmy Jam, Terry Lewis, and Rodney Jerkins. Drawing on rare archival material and on dozens of original interviews with the collaborators, engineers, producers, and songwriters who helped bring the artist’s music into the world, Jackson expert and acclaimed cultural critic Joseph Vogel reveals the inspirations, demos, studio sessions, technological advances, setbacks and breakthroughs, failures and triumphs, that gave rise to an immortal body of work.

In this piano-driven ballad from the film The Legend of Tarzan, singer-songwriter Hozier’s emotive lyrics capture the mood of this iconic cinematic love story. This original sheet music edition presents a piano/vocal/guitar arrangement of the tune, complete with motion picture artwork and lyrics.

Los Angeles, called Tehrangeles because it is home to the largest concentration of Iranians outside of Iran, is the birthplace of a distinctive form of postrevolutionary pop music. Created by professional musicians and media producers fleeing Iran’s revolutionary-era ban on “immoral” popular music, Tehrangeles pop has been a part of daily life for Iranians at home and abroad for decades. In Tehrangeles Dreaming Farzaneh Hemmasi draws on ethnographic fieldwork in Los Angeles and musical and textual analysis to examine how the songs, music videos, and television made in Tehrangeles express modes of Iranianness not possible in Iran. Exploring Tehrangeles pop producers’ complex commercial and political positioning and the histories, sensations, and fantasies their music makes available to global Iranian audiences, Hemmasi shows how unquestionably Iranian forms of Tehrangeles popular culture exemplify the manner in which culture, media, and diaspora combine to respond to the Iranian state and its political transformations. The transnational circulation of Tehrangeles culture, she contends, transgresses Iran’s geographical, legal, and moral boundaries while allowing all Iranians the ability to imagine new forms of identity and belonging.

A Catholic high school near Boston in 1985. A time of suicides, gymnasium humiliations, smoking for beginners, asthma attacks, and incendiary teenage infatuations. Infatuations with a girl (Allison), with a band (The Smiths) and with an album, Meat is Murder, that was so raw, so vivid and so melodic that you could cling to it like a lifeboat in a storm. In this brilliant novella Joe Pernice tells the story of an asthmatic kid’s discovery of Meat is Murder. Here is a short excerpt: One morning as I was jogging my way past the bronze plaque commemorating the deaths of one student and one motorcyclist, my necktie flapping like a windsock, Ray floored the brake pedal of his Dodge as he closed in on me. Fifty mile an hour traffic came to a screeching, nearly murderous halt behind him. He leaned over and rolled down the passenger side window in one fluid motion. He dispensed with formalities while I marveled at the audacity of his driving and, tossing something at me, winked and said, "Here. I'm going to kill myself." He pegged the gas, leaving a surprisingly good patch of rubber for such a shitty car. In the gutter, sugared with sand put down during the winter’s last snow, I saw written in red felt ink on masking tape stuck to a smoky-clear cassette: "Smiths: Meat."

In the winter of 1777, George Washington was in his tent at Valley Forge when a mysterious and beautiful woman appeared before him. She revealed three visions of war on American soil. The final war was the most fearful and would have been lost but for the intercession of the heavenly host. What she did not reveal was that there were only seven people on Earth that could invoke this intercession from heaven but first they would have to be trained by the Lords of the Seven Rays. Paul the Venetian, Lady Master Nada, Hilarion, Lord Lanto, El Morya, Serapis Bey, and St. Germain waited for their students inside a portal that connected the physical and spiritual realms. In the summer of 2014, Jessica, Tessa, Tyler, Nicole, Jordan, Ethan, and Alexis were camping at Jenny Lake in Grand Teton National Park. None of them had ever heard of the Lords of the Seven Rays but that would soon change.

America’s Songs III: Rock! picks up in 1953 where America’s Songs II left off, describing the artistic and cultural impact of the rock ‘n’ roll era on America’s songs and songwriters, recording artists and bands, music publishers and record labels, and the all-important consuming audience. The Introduction presents the background story, discussing the 1945-1952 period and focusing on the key songs from the genres of jump blues, rhythm ‘n’ blues, country music, bluegrass, and folk that combined to form rock ‘n’ roll. From there, the author selects a handful of songs from each subsequent year, up through 2015, listed chronologically and organized by decade. As with its two preceding companions, America’s Songs III highlights the most important songs of each year with separate entries. More than 300 songs are analyzed in terms of importance—both musically and historically—and weighted by how they defined an era, an artist, a genre, or an underground movement. Written by known rock historian and former ASCAP award winner Bruce Pollock, America’s Songs III: Rock! relays the stories behind America’s musical history.
