This landmark gathering of Zora Neale Hurston's short fiction—most of which appeared only in literary magazines during her lifetime—reveals the evolution of one of the most important African American writers. Spanning her career from 1921 to 1955, these stories attest to Hurston's tremendous range and establish themes that recur in her longer fiction. With rich language and imagery, the stories in this collection not only map Hurston's development and concerns as a writer but also provide an invaluable reflection of the mind and imagination of the author of the acclaimed novel *Their Eyes Were Watching God*.

the soul and heart they are by creation attached' Comprising two volumes - In Love and Trouble and You Can't Keep a Good Woman Down - The Complete Stories is a rich smorgasbord of tales that showcase three decades of the author's work. They show the immense range of Alice Walker's talent, from humour to stories of love, race and politics, reaffirming her position as one of the most important writers of the past 50 years.

“ I mean to live and die by my own mind,” Zora Neale Hurston told the writer Countee Cullen. Arriving in Harlem in 1925 with little more than a dollar to her name, Hurston rose to become one of the central figures of the Harlem Renaissance, only to die in obscurity. Not until the 1970s was she rediscovered by Alice Walker and other admirers. Although Hurston has entered the pantheon as one of the most influential American writers of the 20th century, the true nature of her personality has proven elusive. Now, a brilliant, complicated and utterly arresting woman emerges from this landmark book. Carla Kaplan, a noted Hurston scholar, has found hundreds of revealing, previously unpublished letters for this definitive collection; she also provides extensive and illuminating commentary on Hurston’s life and work, as well as an annotated glossary of the organizations and personalities that were important to it. From her enrollment at Baltimore’s Morgan Academy in 1917, to correspondence with Marjorie Kinnan Rawlings, Langston Hughes, Dorothy West and Alain Locke, to a final query letter to her publishers in 1959, Hurston’s spirited correspondence offers an invaluable portrait of a remarkable, irrepressible talent.

Mules and Men is a treasury of black America's folklore as collected by a famous storyteller and anthropologist who grew up hearing the songs and sermons, sayings and tall tales that have formed an oral history of the South since the time of slavery. Returning to her hometown of Eatonville, Florida, to gather material, Zora Neale Hurston recalls "a hilarious night with a pinch of everything social mixed with the storytelling." Set intimately within the social context of black life, the stories, "big old lies," songs, Vodou customs, and superstitions recorded in these pages capture the imagination and bring back to life the humor and wisdom that is the unique heritage of African Americans.

A recently discovered collection of folktales celebrating African American oral tradition, community, and faith...splendidly vivid and true. New York Times Every Tongue Got to Confess is an extensive volume of African American folklore that Zora Neale Hurston collected on her travels through the Gulf States in the late 1920s. The bittersweet and often hilarious tales which range from longer narratives about God, the Devil, White Folk, and Mistaken Identity to witty one-liners reveal attitudes about faith, love, family, slavery, race, and community. Together, this collection of nearly 500 folktales weaves a vibrant tapestry that celebrates the African American life in the rural South and represent a major part of Zora Neale Hurston's literary legacy.

Nearly a century later, this singular talent is recognized as one of the most influential and revered American artists of the modern period. *Hitting a Straight Lick with a Crooked Stick* is an outstanding collection of stories about love and migration, gender and class, racism and sexism that proudly reflect African American folk culture. Brought together for the first time in one volume, they include eight of Hurston's “lost” Harlem stories, which were found in forgotten periodicals and archives. These stories challenge conceptions of Hurston as an author of rural fiction and include gems that flash with her biting, satiric humor, as well as more serious tales reflective of the cultural currents of Hurston's world. All are timeless classics that enrich our understanding and appreciation of this exceptional writer's voice and her contributions to America's literary traditions.

A bold retelling of the life of the *Their Eyes Were Watching God* author Peter Bagge has defied the expectations of the comics industry by changing gears from his famous slacker hero Buddy Bradley to documenting the life and times of

historical 20th century trailblazers. If Bagge had not already had a New York Times bestseller with his biography of Margaret Sanger, his newest biography, *Fire!! The Zora Neale Hurston Story*, would seem to be an unfathomable pairing of author and subject. Yet through Bagge's skilled cartooning, he turns what could be a rote biography into a bold and dazzling graphic novel, creating a story as brilliant as the life itself. Hurston challenged the norms of what was expected of an African American woman in early 20th century society. The fifth of eight kids from a Baptist family in Alabama, Hurston's writing prowess blossomed at Howard University, and then Barnard College, where she was the sole black student. She arrived in NYC at the height of the Harlem Renaissance and quickly found herself surrounded by peers such as Langston Hughes and Wallace Thurman. Hurston went on to become a noted folklorist and critically acclaimed novelist, including her most provocative work *Their Eyes Were Watching God*. Despite these landmark achievements, personal tragedies and shifting political winds in the midcentury rendered her almost forgotten by the end of her life. With admiration and respect, Bagge reconstructs her vivid life in resounding full-colour.
