- Features color photos of exceptional examples of each of the stones

In Stones of the New Consciousness Robert Simmons examines the 62 most important stones to resonate at the higher vibration, and enhance conscious evolution and spiritual awakening. Each entry is illustrated with color photos of exceptional examples. The stones include Moldavite, the extraterrestrial amorphous crystal; Nuummite, the oldest gemstone on Earth; and Circle Stones, the highly energetic Flint found in crop circle formations. Other featured rarities include Nirvana Quartz from the Himalayas and high-vibrational Natrolite from the emerald mines of Russia. Simmons begins with a new approach to meditation with stones and to the possibility of conscious relationship with the spiritual beings who express themselves in our world as crystals and minerals. He includes historical and mythological references for each stone, positing that the fabled Stone of the Holy Grail and the Philosopher 's Stone of the alchemists may have physical counterparts among the minerals discussed. Simmons presents practices for deepening one 's awareness of the stones ' gifts--from expanding one 's consciousness, to healing, to awakening the Light Body, to fulfilling one 's personal and collective destiny. While emphasizing direct contact with stones, the book also explores crystal energy tools, energy environments, and applications such as stone elixirs and essences that can aid anyone on a spiritual path.

Effective and healthy remedies produced by infusing water with appealing crystalline energies are carefully described in this informative manual. The first part covers aspects of preparation, featuring deceptively simple processes such as the boiling method, the water vapor method, and the test tube method--all of which can be easily mastered by crystal healing enthusiasts. After outlining the correct methods to use and listing poisonous crystals as a safety precaution, the book examines more than 100 usable crystals and 34 special mixtures, revealing their intended uses and effects for the optimum in therapeutic results.

Animal Healing is a resource and reference guide for over 1,000 energetic remedies. It provides a variety of ways to administer them to animals, and it takes the guesswork out of how they work. You will find remedies for: Addition or loss of a family member (animal or human) Fear of not enough attention to go around, Moving anxiety, Stress from specialized and obedience training, Living predominantly indoors, Immune system dysfunctions cause by processed pet food, Medical and surgical procedure recovery, Injuries and infestations, Exposure to environmental and household toxins, And many more. "Quietly, gently, radically, Sage Holloway challenges the veterinary industry to open its mind and its heart to a whole new range and vocabulary of care-giving. Every human being who resides with, or has feelings for, a member of some other species would do well to become familiar with these 'alternative' insights into health. As an interspecies guide, it is absorbing. Whether one agrees with all of its assertions matters not, for the underlying love of all plants and animals that emerges from the book can only help to stop the cruelty that Homo sapiens have collectively, insanelly inflicted on mother earth and all her precious progeny for thousands of years." Dr. Michael Tobias, author of World War III: Population and the Biosphere at the End of the Millennium and A Vision of Nature: Traces of the Original World "This book deserves to be read and its contents explored and tested by open-minded individuals interested in the process of healing." Bernie Siegel, M.D., author of Love, Medicine and Miracles and Prescriptions for Living "An illuminating guide of holistic wisdom that is essential to survival as a species and a wake up call that speaks to the amnesia of mainstream consciousness. As humankind awakens to its own need for natural rhythm and seeks to heal the separation of body and soul ... this sensitive book will serve as the map ... a way for us to see the road back to being keepers of the Earth and all her living creatures. Animal Healing And Vibrational Medicine is a resonate voice of the Ancient Future ... it is time to celebrate" Springs Romano, Ph.D., author of Powers That Be "For years I have utilized vibrational remedies with animals - wild and domestic. They are one of the most effective healing methods for work with wildlife. Sage Holloway's Animal Healing and Vibrational Medicine provides very practical and easy-to-follow guidelines for using vibrational remedies with the animal kingdom. Whether a professional healer, a pet owner or even a wildlife rehabilitator - you will benefit from this text. More importantly, the animals in your life will as well."
