From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, M á rquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I ' ve taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy ' s eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy ' s story are tantalizing fragments of the city ' s history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

While exploring events that led to the bloodshed in Kosovo in 1999. Denisa Kostovicova shows that the legacy of ethnic segregation is one of the major obstacles the international community faces in its efforts to establish an integrated multi-ethnic society in this territory. "Of interest to academics and students of nationalism and politics as well as practitioners and journalists, this book is an important advance in research on one of the most tragic European conflicts of recent times."--Jacket.

Father Goriot is one of French novelist Honore de Balzac's most important pieces of writing. Three lives intertwine in Paris: an old man, a criminal and a law student. The novel evokes an unstable period in France, when many were desperate to climb the social ladder into the upper classes, and it questions social institutions such as marriage. The city is an important presence in this work. Balzac was both praised and censured for his realistic portrayal of city life.

'Jean-Jacques Lecercle's remarkable Philosophy of Nonsense offers a sustained and important account of an area that is usually hastily dismissed. Using the

resources of contemporary philosophy - notably Deleuze and Lyotard - he manages to bring out the importance of nonsense' - Andrew Benjamin, University of Warwick Why are we, and in particular why are philosophers and linguists, so fascinated with nonsense? Why do Lewis Carroll and Edward Lear appear in so many otherwise dull and dry academic books? This amusing, yet rigorous new book by Jean-Jacques Lecercle shows how the genre of nonsense was constructed and why it has proved so enduring and enlightening for linguistics and philosophy.

The city-state of Venice, with a population of less than 100,000, dominated a fragmented and fragile empire at the boundary between East and West, between Latin Christian, Greek Orthodox, and Muslim worlds. In this institutional and administrative history, Monique O'Connell explains the structures, processes, practices, and laws by which Venice maintained its vast overseas holdings. The legal, linguistic, religious, and cultural diversity within Venice's empire made it difficult to impose any centralization or unity among its disparate territories. O'Connell has mined the vast archival resources to explain how Venice's central government was able to administer and govern its extensive empire. O'Connell finds that successful governance depended heavily on the experience of governors, an interlocking network of noble families, who were sent overseas to negotiate the often conflicting demands of Venice's governing council and the local populations. In this nexus of state power and personal influence, these imperial administrators played a crucial role in representing the state as a hegemonic power; creating patronage and family connections between Venetian patricians and their subjects; and using the judicial system to negotiate a balance between local and imperial interests. In explaining the institutions and individuals that permitted this type of negotiation, O'Connell offers a historical example of an early modern empire at the height of imperial expansion.

Book Excerpt: ENDANT. 'Tis nothing. Best forget what thou hast heard. NURSE. Nay, housemate, by thy beard! Hold it not hid From me. . . . I will keep silence if thou bid. ATTENDANT. I heard an old man talking, where he sate At draughts in the sun, beside the fountain gate, And never thought of me, there standing still Beside him. And he said, 'Twas Creon's will, Being lord of all this land, that she be sent, And with her her two sons, to banishment. Maybe 'tis all false. For myself, I know No further, and I would it were not so. NURSE. Jason will never bear it--his own sons Banished, --however hot his anger runs Against their mother! ATTENDANT. Old love burneth low When new love wakes, men say. He is not now Husband nor father here, nor any kin. NURSE. But this is ruin! New waves breaking in To wreck us, ere we are righted from the old! ATTENDANT. Well, hold thy peace. Our mistress will be told All in good time. Speak thou no word her Read Mor
