In everyone's life there comes a stage which introduces us to a person who seems perfect to us, in all aspects. It feels like they are the only one for whom we have been created for. The feeling is totally different which clout us to do anything to achieve their attention. The same thing was experienced by Rishabh; a boy in his late teenage. But who was that girl? How and where did he find her? Was she really his soul-mate or it was just his misapprehension? Many more similar questions would erupt when we start reading his love story. But don't worry! Rishabh will narrate it all to you. The Crumbly Juncture is an anecdote of Rishabh's first love and all about the ups and downs that every youngster goes through while crossing this crumbly juncture of his/her life.

In January 2020, the COVID-19 outbreak in China was viewed as a black swan event, threatening the Communist Party's rule. Two short months later, however, China appeared to have controlled the virus, while the rest of the world struggled to respond. As country after country imposed lockdowns of varying strictness and the human cost began to rise, geopolitical frictions flared up over the origins of the virus, along with Beijing's early failures, diplomacy and discourse. *Smokeless War: China's Quest for Geopolitical Dominance* offers a gripping account of the Communist Party of China's political, diplomatic and narrative responses during the pandemic. Drawing on the latest academic research and Chinese language sources, it discusses the Party-State's efforts to achieve greater discourse power and political primacy, as it sought to convert a potentially existential crisis into a historic opportunity. In doing so, the author provides an insightful account of the Communist Party of China's approaches to cultivating sources of strength and exercise of power.

In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. *Bomb* is a 2012 National Book Awards finalist for Young People's Literature. *Bomb* is a 2012 Washington Post Best Kids Books of the Year title. *Bomb* is a 2013 Newbery Honor book.

'The Constitution [of India] has within it the ability to produce social catharsis...' At 12.12 p.m. on 6 September 2018, the Supreme Court of India created history by reading down Section 377 – reversing an archaic law laid down by the British in 1860 and decriminalizing homosexuality for the first time in modern India. Yet, this is not the only ruling that the Supreme Court has made in recent times championing the rights of an individual to her or his identity and dignity. From empowering the transgender community and lending teeth to the prevention of sexual harassment of women at the workplace, to protecting the privacy, rights and dignity of women and minorities on issues such as interfaith marriages, entering the Sabarimala temple, the controversial triple talaq and the striking down of the adultery law – the highest court of the land has firmly placed the individual at the centre of the constitutional firmament, and set a course for progressive societal reform. This remarkable collection of writings by legal luminaries is the only book to offer sharp insights into each of these crucial rulings. Justice M.B. Lokur writes on the issues that affect the transgender community; Justice B.D. Ahmed elucidates

on Muslim law in the modern context; and Justice A.K. Sikri addresses the fundamental concept of dignity, which binds together all the essays in this book. Some of the best-known names in Indian law – Mukul Rohatgi, Madhavi Divan, Menaka Guruswamy, Arundhati Katju and Saurabh Kirpal – offer legal perspectives of judgements on sex, sexuality and gender. From petitioners like Ritu Dalmia, Keshav Suri and Zainab Patel, we hear personal narratives of being a part of the LGBTQ community in India, while journalist Namita Bhandare provides a powerful account of the struggle against sexual harassment. An unprecedented documentation of the rulings that have set a standard for the rights and liberties of sexual minorities and women in India, *Sex and the Supreme Court* is also an invaluable record for posterity – for it reveals the power of the country's courts to uphold the privacy, dignity and safety of its citizens.

Heiress Kamila Mughal is humiliated when her brother's best friend snubs her to marry a social climbing nobody from Islamabad. Beautiful young widow Begum Saira Qadir has mourned her husband, but is she finally ready to start following her own desires? Inspired by Jane Austen and set in contemporary Pakistan, *Austenistan* is a collection of seven stories; romantic, uplifting, witty, and heartbreaking by turn, which pay homage to the world's favourite author in their own uniquely local way.

Outwardly Nella's life was probably seen as ordinary; but behind this mask were a lively mind and a persistent pen - a pen that never gave up over almost three decades, reporting, describing, pondering, and disclosing. Nella, 55 when the war ends, writes of what ordinary people felt during those years of privation, hope and the re-building of Britain, providing a moving and inspiring account of the years that shaped the society we live in today. Her diary offers a detailed, moving and humorous narrative of the changing experiences of ordinary people at this time, and thoughts on the aftermath of war and whether 'peace' really meant peace, for everyone.
