FOSTER I spent the last five years locked in a cage for a crime I didn ' t commit. Crucified by the press and social media. Hated by all. But now that I ' m a free man, I ' m determined to prove I ' m not the evil mastermind everyone thinks I am. I just need someone to believe in me. Someone like Addison James... ADDISON Foster Cruise is sexy as hell and worth billions. But he destroyed my family. He may have gone to prison, but he hasn ' t paid nearly enough for what I ' ve lost. He has no idea who I am, but I ' m determined to prove what the law failed to—and put him back behind bars where he belongs. I ' ll offer him my body and sell my soul to that handsome-as-hell devil to make things right. Trouble is, I ' m afraid he ' s already stolen my heart.

Micheline Helsing is a tetrachromat -- a girl who sees the auras of the undead in a prismatic spectrum. As one of the last descendants of the Van Helsing lineage, she has trained since childhood to destroy monsters both corporeal and spiritual: the corporeal undead go down by the bullet, the spiritual undead by the lens. With an analog SLR camera as her best weapon, Micheline exorcises ghosts by capturing their spiritual energy on film. She's aided by her crew: Oliver, a techno-whiz and the boy who developed her camera's technology; Jude, who can predict death; and Ryder, the boy Micheline has known and loved forever. When a routine ghost hunt goes awry, Micheline and the boys are infected with a curse known as a soulchain. As the ghostly chains spread through their bodies, Micheline learns that if she doesn't exorcise her entity in seven days or less, she and her friends will die. Now pursued as a renegade agent by her monster-hunting father, Leonard Helsing, she must track and destroy an entity more powerful than anything she's faced before . . . or die trying. Lock, stock, and lens, she's in for one hell of a week.

The acclaimed investigative reporter and author of Confronting Collapse examines the global forces that led to 9/11 in this provocative expos é . The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. Crossing the Rubicon examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting "War on Terror" are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkable draconian measures of repression, warfare and population control. Crossing the Rubicon is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.
