A book collector wants an attractive copy. Dust jackets. Most hard cover books published since the early 20th century were sold with a dust jacket. The dust jacket is both the most decorative part of a book, and the most delicate. A missing dust jacket, or a dust jacket that is in poor condition, can cut a collectible book's value more than 50% ...

Book values - What is my book worth?
Key Factors That Influence Book Values. Condition is very important and will greatly influence value. A beaten-up old book that is falling apart will have little value. First editions are sought-after by book collectors and a first edition is usually more valuable than a later printing. A first edition signed by the author will have even greater value.

Finding the Value of Old Books: AbeBooks.com
From 1916 to 1923, the Little Leather Library was a hot name in American publishing. First conceived in New York City by brothers and bookshop owners Charles and Albert Boni, the firm came to reality with the help of Max Sackheim and Harry Scherman, two advertising executives the brothers approached.

An accessible, and intuitive, guide to stock valuation Valuation is at the heart of any investment decision, whether that decision is to buy, sell, or hold. In The Little Book of Valuation, expert Aswath Damodaran explains the techniques in language that any investors can understand, so you can make better investment decisions when reviewing stock research reports and engaging in independent efforts to value and pick stocks. Page by page, Damodaran distills the fundamentals of valuation, without glossing over or ignoring key concepts, and develops models that you can easily understand and use. Along the way, he covers various valuation approaches from intrinsic or discounted cash flow valuation and multiples or relative valuation to some elements of real option valuation. Includes case studies and examples that will help build your valuation skills Written by Aswath Damodaran, one of today’s most respected valuation experts Includes an accompanying iPhone application (iVal) that makes the lessons of the book immediately useable Written with the individual investor in mind, this reliable guide will not only help you value a company quickly, but will also help you make sense of valuations done by others or found in comprehensive equity research reports.

Profit from a powerful, proven investment strategy The Little Book That Makes You Rich is the latest book in the popular "Little Book, Big Profits" series. Written by Louis Navellier -- one of the most well-respected and successful growth investors of our day -- this book offers a fundamental understanding of how to get rich using the best in growth investing strategies. Navellier has made a living by picking top, actively traded stocks and capturing unparalleled profits from them in the process. Now, with The Little Book That Makes You Rich, he shows you how to find stocks that are poised for rapid price increases, regardless of overall stock market direction. Navellier also offers the statistical and quantitative measures needed to measure risk and reward along the path to profitable growth stock investing. Filled with in-depth insights and practical advice, The Little Book That Makes You Rich gives individual investors specific tools for selecting stocks based on the factors that years of research have proven to lead to growth stock profits. These factors include analysts' moves, profit margins expansion, and rapid sales growth. In addition to offering you tips for not paying too much for growth, the author also addresses essential issues that every growth investor must be aware of, including which signs will tell you when it's time to get rid of a stock and how to monitor a portfolio in order to maintain its overall quality. Accessible and engaging, The Little Book That Makes You Rich outlines an effective approach to building true wealth in today's markets. Louis Navellier (Reno, NV) has one of the most exceptional long-term track records of any financial newsletter editor in America. As a financial analyst and editor of investment newsletters since 1980, Navellier's recommendations (published in Emerging Growth) have gained over 4,806 percent in the last 22 years, as confirmed by a leading independent newsletter rating service, The Hulbert Financial Digest. Emerging Growth is one of Navellier's four services, which also includes his Blue Chip Growth service for large-cap stock investors, his Quantum Growth service for active traders seeking shorter-term gains, and his Global Growth service for active traders focused on high growth global stocks.

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In The Little Book that Beats the Market—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, The Little Book that Still Beats the Market updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author’s time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide margin. You’ll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone “knows” it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, “Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His ‘Little Book’ is one of the best, clearest guides to value investing out there.”

The Little Book of Values explores twenty-two values that can be taught through schools and indeed the whole community. The book will inspire you by using examples of where values are being used by children and adults in schools already and shares practical tools to stimulate discussion and philosophical debate. It will also help people to take stock of their own values and how they wish to lead their.

As you have probably noticed, there are quite a few investing books out there. Many of them were written by some of the world’s greatest investors. So, why should you read our book? Stock investing is more prevalent than ever, whether directly or indirectly through brokerage accounts, exchange-traded funds, mutual funds, or retirement plans. Despite this, the vast majority of individual investors have no training on how to pick stocks. And, until now, there hasn’t been a truly accessible, easy-to-understand resource available to help them. The Little Book of Investing Like the Pros was written to fill this void. We believe the simplicity and accessibility of our stock picking framework is truly unique. Using real-world examples and actual Wall Street models used by the pros, we teach you how to pick stocks in a highly accessible, step-by-step manner. Our goal is straightforward—to impart the skills necessary for finding high-quality stocks while protecting your portfolio with risk management best practices. Our practical approach is designed to help demystify the investing process, which can be intimidating. This training will help set you apart from others who are largely flying blind. Pilots require extensive training before receiving a license. Doctors must graduate medical school, followed by a multi-year residency. Even those providing professional investment advice require certification. But, anyone can buy a stock without any training whatsoever. While buying stocks on a hunch and a prayer may not endanger your life, it can certainly put your finances at risk.

"It's hard to talk clearly about investing and make sense to ordinary readers at the same time. Katsenelson gives a lucid explanation of today's markets with sound advice about how to make money while avoiding the traps that the market sets for exuberant bulls and frightened bears alike." — Thomas G. Donlan, Barron's "A thoroughly enjoyable read. Provides a clear framework for equity investing in today's 'sideways' and volatile markets useful to everyone. Clear thinking and clear writing are not often paired - well done!" — Dick Weil, CEO, Janus Capital Group "The bible for how to invest in the most tumultuous financial market environment since the Great Depression. A true guidebook for how to build wealth prudently." — David Rosenberg, Chief Economist & Strategist, Gluskin Sheff + Associates Inc. "A wonderful, grounded read for new and seasoned investors alike. Katsenelson explains in plain English why volatility and sideways markets are a stock picker's best friend." — The Motley Fool, www.Fool.com Praise for Active Value Investing "This book reads like a conversation with Vitaliy; deep, insightful, inquisitive, and civilized." — Nassim Nicholas Taleb, author of The Black Swan "Thoroughly enjoyable . . . for the thoughtful and often entertaining way in which it is delivered. . . Katsenelson takes his reader step by step into the mind of the value investor by relating, in a fictional addendum to Fiddler on the Roof, the story of Tevye's purchase of Golde, the cow. He also describes his own big-time gambling evening (he was willing to lose a maximum of \$40) and that of a half-drunken, rowdy fellow blackjack player to stress the importance of process. He then moves on to the fundamental principles of active value investing. What differentiates this book from so many others on value investing is that it describes, sometimes through the use of case studies, the thinking of a value investor. Not just his models or his metrics but his assessments. Katsenelson is an empiricist who weighs facts, looks for contraindications, and makes decisions. He makes value investing come alive. This may be a little book, but it's packed with insights for both novices and experienced investors. And it is a delight to read." —Seeking Alpha

A detailed guide to overcoming the most frequently encountered psychological pitfalls of investing Bias, emotion, and overconfidence are just three of the many behavioral traits that can lead investors to lose money or achieve lower returns. Behavioral finance, which recognizes that there is a psychological element to all investor decision-making, can help you overcome this obstacle. In The Little Book of Behavioral Investing, expert James Montier takes you through some of the most important behavioral challenges faced by investors. Montier reveals the most common psychological barriers, clearly showing how emotion, overconfidence, and a multitude of other behavioral traits, can affect investment decision-making. Offers time-tested ways to identify and avoid the pitfalls of investor bias Author James Montier is one of the world's foremost behavioral analysts Discusses how to learn from our investment mistakes instead of repeating them Explores the behavioral principles that will allow you to maintain a successful investment portfolio Written in a straightforward and accessible style, The Little Book of Behavioral Investing will enable you to identify and eliminate behavioral traits that can hinder your investment endeavors and show you how to go about achieving superior returns in the process. Praise for The Little Book Of Behavioral Investing "The Little Book of Behavioral Investing is an important book for anyone who is interested in understanding the ways that human nature and financial markets interact." —Dan Ariely, James B. Duke Professor of Behavioral Economics, Duke University, and author of Predictably Irrational "In investing, success means being on the right side of most trades. No book provides a better starting point toward that goal than this one." —Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School "Know thyself. Overcoming human instinct is key to becoming a better investor. If you would be irrational if you did not read this book." —Edward Bonham-Carter, Chief Executive and Chief Investment Officer, Jupiter Asset Management "There is not an investor anywhere who wouldn't profit from reading this book." —Jeff Hochman, Director of Technical Strategy, Fidelity Investment Services Limited "James Montier gives us a very accessible version of why we as investors are so predictably irrational, and a guide to help us channel our 'Inner Spock' to make better investment decisions. Bravo!" —John Mauldin, President, Millennium Wave Investments

THE NEW YORK TIMES BESTSELLING PHENOMENON From Beth Kery, the national bestselling author of Explosive, comes a red-hot romance like no other—where the rules of attraction are broken with that first electrifying touch. Meet Francesca and Ian. The fantasies of what’s to come begin... Because You Are Mine, Part I Because You Tempt Me It starts with that first look, when you know you have to have him... Francesca Arno has been commissioned to create a grand centerpiece painting for the lobby of Ian Noble’s new skyscraper. It’s at a cocktail party in her honor that she first meets him—and the attraction is immediate for Francesca. It’s also bewildering. She’s not used to such a wholesale sexual response to a stranger. Enigmatic, darkly intense, with a commanding presence, Ian completely unnerves her. And she likes it. For Ian, she’s the kind of woman he can’t resist—one that comes all too rarely: a true innocent. But he can sense in her a desire to open up, to experiment, to give herself to the fantasies of a man in control. The first kiss, the first caress, the first challenge for a woman who craves what she’s never had—a man who gets what he wants. More to come. Don’t miss Because You Are Mine, Part II, available 8/7
