Without Offense reflects the compassion and concern of our Lord Jesus towards all suffering humanity, irrespective of their faith. Principles of psychology, guidelines to counsellors, the personal experiences of Dr. Samson Gandhi, and the Truth are beautifully and sensitively interwoven to make this book equally inspiring to all counsellors no matter where they are on their journey as counsellors. An extremely readable book which will grace any counsellors library ... I could not put it down, once I had started reading it. Dr. Veena Easvaradoss, Associate Professor and Head, Department of Psychology, Womens Christian College, Chennai, India
Samson Gandhi writes as though he is at your side sharing insights with you. He peppers the book with real life situations and examples to bolster the points he makes. A must-read for all Christian counsellors. This pragmatic and sharp book thrilled my heart! Go ahead, read, pray and with Gods help counsel without offense! Dr. Anthony David, MD, Professor and Head, Physiology, Anna Medical College & Research Center, Mauritius
Counselling Without Offense is an excellent book written by Samson Gaurdi, a Christian and a non-Christian face similar problems and the solution lies in knowing the truth as the Truth holds the key to set them free. By saying our goal is counselling and not converting he removes the unnecessary pressure from the counsellor. This book is a must for all counsellors. Stanley Mehta, Senior Pastor, Bombay Baptist Church, Mumbai

The strategy of the enemy is to put distance between us and the people we love the most, one offense at a time. UnOffendable is an outline of how God can use the things in life that have hurt us the most, to shape our confidence and help us become the people we've always wanted to be. Being unoffendable isn't about never getting offended. It's about not staying offended.

This book offers a comprehensive study of the nature and significance of offense and offensiveness. It incorporates insights from moral philosophy and moral psychology to rationally reconstruct our ordinary ideas and assumptions about these notions. When someone claims that something is offensive, others are supposed to listen. Why? What is it for something to be offensive? Likewise, it's supposed to matter if someone claims to have been offended. Is this correct? In this book, Andrew Sneddon argues that we should think of offense as a moralized bad feeling. He explains offensiveness in terms of symbolic value. We tend to give claims of both offense and offensiveness more credence than they deserve. While it is in principle possible for there to be genuine moral problems of offense and offensiveness, we should expect such problems to be rare. Offense and Offensiveness: A Philosophical Account will be of interest to scholars and students working in moral philosophy and moral psychology.

The youngest-ever nominee for the Eisner Award explores the ultimate childhood fantasies and traumas, finding fun in everything from cleaning one's bedroom to eating ice cream to torturing boys. Original.

It turns out, giving up your "right" to be offended can be one of the most freeing, healthy, simplifying, relaxing, refreshing, stress-relieving, encouraging things you can do. It's a radical, provocative idea: We're not entitled to get offended or stay angry. The idea of our own "righteous anger" is a myth. It is the number one problem in our societies today and, as Dallas Willard says, Christians have not been taught out of it. In *Unoffendable* you'll find things of immeasurable value: a concrete, practical way to live life with less stress adjusting your expectations to fit human nature and replacing perpetual anger with refreshing humility and gratitude. Unoffendable seeks to lift religious burdens from our backs and allow us to experience the joy of gratitude, perhaps for the first time, every single day of their lives.

"Ever since he was a kid, Dev Deshpande has believed in fairy tales, and he has spent his career crafting them for the reality dating show *Ever After*. As the most successful producer in the franchise's history, Dev always scripts the perfect love story for his contestants, even as his own love life crumbles and burns off-screen. That is, until the show casts disgraced tech wunderkind Charlie Winshaw as its star. Charlie is far from the romantic Prince Charming he's playing on TV. He doesn't believe in love (at least not for himself), and his publicist only agreed to the show as a last-ditch effort to rehabilitate his image. In front of the cameras, he's a stiff, anxious mess with no idea how to date thirty women on national television. Behind the scenes, he's cold, awkward, and emotionally closed-off. Only Dev can save the season—and possibly the entire show—by coaching Charlie through every scene. Dev always gets a happy ending, and he knows he can find a way to help Charlie find his. Yet the more Dev fights to get Charlie to open up to the contestants, the more they begin to open up to each other, and it soon becomes clear Charlie has better chemistry with Dev than with any of his female co-stars. Travelling to romantic locations around the world, they begin to suspect they could both find their happily ever after if they're willing to let go of their ideas about whose love story gets told."
